Bengal gets Indias largest coal mine

It is spread over an area of 9.7 sq km and estimated to have in-place reserves of 2,102 million tonnes

Petition Updates

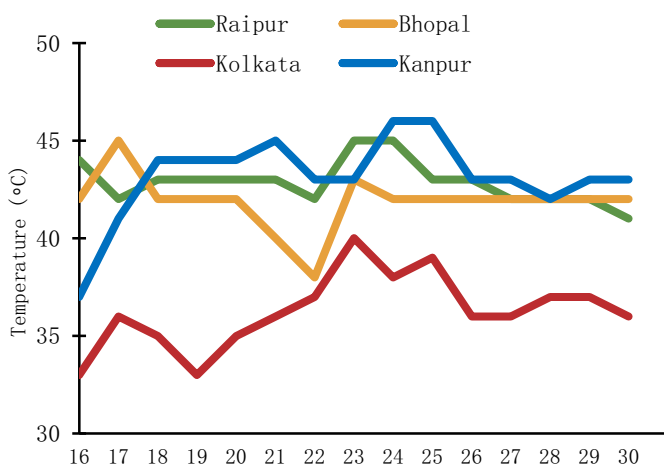

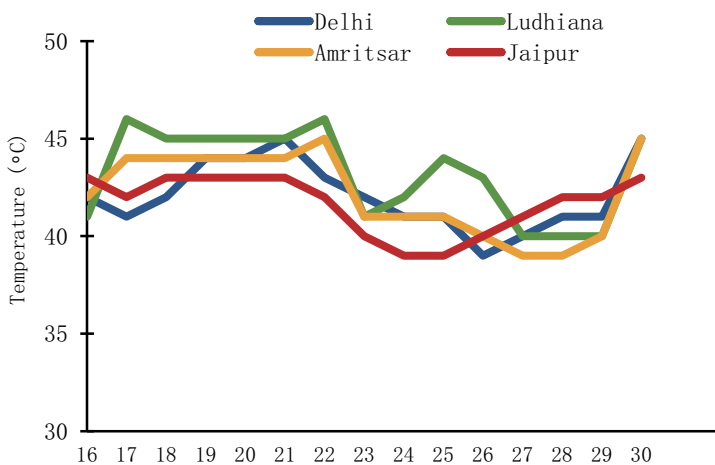

Karnataka ERC revises tariff for Grid Interactive Megawatt Scale Power Plants for FY 18

The price discovery for solar power procurement in FY13 through bids was in the range of Rs.7.94 to Rs.8.50 per unit. The same in FY14 was in the range of Rs. 6.66 to Rs.8.05 per unit and in FY15 it was in the range of Rs.6.71 to Rs.7.12 per unit. The rate determined by the commission as per its order dated 30th July is being revised through this order. The Commission found it necessary to revise as Media reports show that some States have received bids from developers to supply solar power around Rs 4.00 per unit.

The commission determined tariff of Rs 4.36 per unit for all new grid connected MW scale solar PV plants entering into PPA on or after 1st April 2017 but before 1st April 2018. The tariff is also applicable for Solar PV plants for which PPAs were entered into before 1st April to 31st March, 2017 but are not commissioned within the specified commercial operation date (COD) and achieve COD during the period from 1st April, 2017 to 31st March 2018.

Forecasted High temperature of major cities (1-16 April 2017)
